PROFESSIONAL EXPERIENCES

Frontend Developer - Frontend Team Leader
Zien Solutions VietNam | VinaDAO | Sep 2024 - Present

- Built responsive and reusable interfaces using React.js
- Integrated real-time blockchain data, crypto wallets, and smart contracts with Wagmi and Viem
- Integrated Transak for fiat-to-crypto token purchases
- Configured CI/CD pipelines using GitHub Actions and deployed via AWS (Amplify, S3, Secrets Manager)
- Participated in Agile sprints, performed code reviews, and resolved critical frontend bugs
- Established frontend best practices for component design, styling and code consistency

Frontend Developer
Zien Solutions VietNam | Internal Chorme Extension | Nov 2023 - Sep 2024

- Built and maintained a React.js Chrome Extension for multi-chain wallet connection, token swaps, purchases and NFT viewing across EVM-compatible chains
- Integrated MoonPay for fiat-based token purchases
- Embedded Farcaster and WrapCast for decentralized social layers, added real-time wallet-based notifications via Daylight
- Integrated the TON ecosystem and worked with Web3/backend teams to ensure secure and efficient cross-chain operations

React Native Developer
Zien Solutions VietNam | Mozanio Vendor - Mozanio User | May 2023 - Nov 2023

- Maintained and refactored legacy React Native code to boost stability and performance
- Developed new features for menu management and in-app coffee ordering
- Integrated backend APIs for inventory and order processing
- Participated in testing and preparing app releases for both Android and iOS

React Native Developer
Zien Solutions VietNam | Celeb Confirmed | Oct 2022 - May 2023

- Collaborated in developing a React Native mobile app delivering Korean celebrity news content
- Transformed Figma designs into pixel-perfect, responsive UI components across Android and iOS platforms
- Participated in debugging and resolving UI/UX issues to improve app stability
- Assisted in preparing and submitting builds for internal testing environments

Frontend Developer
Freelancer | Sencam | May 2024 - Jul 2024

- Designed and developed a responsive website using React.js, enabling users to download and request custom banners for festivals, commemorative days, and public organizations
- Integrated frontend with Strapi CMS via RESTful APIs to manage dynamic content
- Managed the full deployment process, including build optimization and release to production environment
